

# Key Instant Recall Facts

## Year 4

### Autumn

I know number bonds to 100.

I know the  $\times$  and  $\div$  facts for the 6x table.

I know the  $\times$  and  $\div$  facts for the 9x & 11x tables

### Spring

I recognise decimal equivalents of fractions.

### Summer

I know the  $\times$  and  $\div$  facts for the 6x table.

I can  $\times$  single-digit numbers by 10 and 100.

**Children are expected to be able to mentally recall these facts by the end of Year 4.**

Each half term, one instant recall fact will be sent home to practice.

Each fact will come with detailed information on what children should be able to do to meet the objective, along with ideas for key questions to ask and also activities and games to play.
