

Key Instant Recall Facts

Year 5

Autumn

I know decimal number bonds to 1 and 10.

I know the multiplication and division facts for all times tables up to 12×12

Spring

I can recall metric conversions

I can identify prime numbers up to 20.

Summer

I can recall square numbers up to 12^2 and their square roots

I can find factor pairs of a number.

Children are expected to be able to mentally recall these facts by the end of Year 5.

Each half term, one instant recall fact will be sent home to practice.

Each fact will come with detailed information on what children should be able to do to meet the objective, along with ideas for key questions to ask and also activities and games to play.
