## Staying active at home

The latest news from the Government is that schools in the United Kingdom will be shut from Friday 20<sup>th</sup> March.

During this time, we want to encourage everyone to stay active at home. Alongside your child's work each day, Year groups will be sending out daily activities which you can do with your children to encourage movement, flexibility and coordination. There are huge mental and physical benefits for staying active, so please try and encourage 60 active minutes a day (as per the governments guidelines).

This document has been put together as an additional resource bank of ideas for you to access if needed. We have collated resources into videos, healthy living and printable resources.
